Historical Note:

The Friends of Music of Bethlehem was founded in 1928 by a group of music teachers who wished to provide students with an opportunity to play in public once a month. The first recital took place on December 23 of that year. Over the years other programs and activities were created, all designed to encourage a love of and appreciation for music, especially among young people. Student programs were broadcast over WGPA. A scholarship fund named after Russell K. Laros was created to benefit gifted students. A music club was organized for junior and senior high school students. The Friends provided equipment and the beginnings of a classical musical collection for the Bethlehem Area Public Library. Over the years this relationship has continued, with gifts to the library's collection, as well as musical programs open to the public. The Young Audiences programs, presented annually to the 2nd and 4th grades in the Bethlehem Area School District, have brought professional musicians into the schools.

Perhaps the most noteworthy projects have been the Outstanding Young Artist and Outstanding Ensemble Competitions, which provide young musicians with monetary awards as well as a chance to perform in public recitals. Many winners of these competitions have gone on to become professional musicians.

Collection Scope and Contents:

The records of the Friends of Music begin with the earliest days of the organization, in 1928, and contain a wide variety of materials, divided into eight series as outlined below. Special attention should be drawn to the scrapbooks, which at times overlap each other as far as time periods covered, and often include a mixture of musical programs, calendars of events, newspaper clippings, and correspondence to and from the Friends. Coverage may often include musical events taking place in the area either in cooperation with the Friends, or external to their efforts. For condition and contents notes, please see the Container lists, which detail the contents more fully.
