

What is a Library?

To many: **the place where the books live.** A welcoming world of information and wonder, where access is free and protected—no matter who you are, what you do, or where you come from.

But today, a library is even more: the books still live here, of course, but it is also a place where you can explore local Bethlehem history online, or stream movies and download audiobooks at home. It's a place where you can do yoga. Read books to dogs. Get on the internet and apply for a job. It's a place where people, of all ages and walks of life, can gather. Listen to a concert. Listen to each other. **And discover they are part of something larger.**
